Peach Blossom, rose.
Gladstone, best white.
Princess Mary, deep rose pink.
Queen Alexandra, best light pink.

A glimpse of the best to be had
Some of our S. S. S. Selected Lilium Harrisii in Bermuda

TESTIMONIALS

For fifteen years we have purchased our Giganteum Lily Bulbs from your firm and have had excellent results. This year they are

especially good. Every Lily black stems, healthy, robust growth, and free flowering with practically no disease.

Our order is already placed with you for Fall delivery, from which we hope and expect the same results.

G. H. SINCLAIR,
Holyoke, Mass.

March 17, 1927.
Harrisii and Formosum Lilies from you have never been better. Harrisii will average six blooms, and as for Formosum, some have as many as twenty-six buds, the majority fifteen to eighteen.

W. E. TRICKER,
St. Paul, Minn.

Dec. 6, 1927.
We wish to say the cold storage Lilies received from you this past year have been most satisfactory.

SAMUEL FEAST & SONS,
Baltimore, Md.

Aug. 19, 1927.
The first case of cold storage Giganteum you sent me are now coming into bloom. I cannot remember that I ever had a case of Gigs as free from disease as this. I did not have to throw one bulb away. Sorry I did not buy my Easter order from you.

JOHN H. SYKES,
Allentown, Pa.

March 22, 1927.
The Lilies are very fine. In fact, the best I have had in years.

F. C. CLAPIER,
Topeka, Kans.

Cyclamen Seeds

(Stoldt's Strain)

None better at double the price.
Don't take our word for it. See what two of the largest and best growers of quality Cyclamen say:

June 13, 1927.

S. S. Skidelsky & Co., New York City.

Gentlemen: We are in receipt of the Cyclamen seed we have bought from you for the past four years from Stoldt, Germany. We have grown them along with seed purchased from other specialists of Germany, and we find it to be, in our opinion, one of the best strains we have ever handled.

In addition to the fine habits of the plants, they have been floriferous, large flowers and very fine colors. We will continue to use this strain.

Yours very truly,
ROBERT CRAIG CO., Norwood, Pa.

S. S. Skidelsky & Co., New York City.

Gentlemen: For a number of years, a large portion of the fifty thousand Cyclamen seed that we grow yearly have been purchased from Skidelsky & Company, and our results have been very satisfactory. We have been very successful in the growing of Cyclamen and it has been a money-making proposition for us. We have always been well satisfied with the seeds that we purchased from Skidelsky & Company.

Very truly yours,
THE GEO. WITTBOLD CO.,
(Signed) Louis Wittbold.

CARNATIONS

ROOTED
CUTTINGS

NEW VARIETIES

FAIRY QUEEN (C. B. Johnson). Produces very large flesh pink flowers, similar to Enchantress Supreme, but perfect the year round. A good keeper, long strong stems, early and free blooming, exceptionally healthy. Fast growing and easy propagating. Makes a fine plant in the field, and transplants well.

HILDA (Elitch Gardens Co.). Best keeping Carnation we have yet known. Beautiful light pink, with very faint variegation. A very free bloomer with fine stems, and is an easy propagator. Produces practically no imperfect flowers, and retains its color in all seasons.

SOPHELIA (Chas. A. Schaefer). Clear, dark pink Carnation. Freely producing large full flowers on stems even better than its parents (Akehurst on Matchless). It seldom splits, is a fine keeper and shipper.

EARLY ROSE (F. Dorner & Sons). Holds even, clear, light rose-pink color without fading. Its strong, upright stems hold fine flowers that keep unusually well.

EARLY DAWN (F. Dorner & Sons). Light yellow flower, with faint pink marking, becoming deeper towards the edge of the petals. Prolific bloomer, good keeper, and healthy grower.

All above Carnation Rooted Cuttings,
\$15.00 per 100, \$125.00 per 1000.

YUNEDA PINK (W. S. Kircher). A tried out seedling. Ward color. A wonderful producer. Free, clean grower, with flowers of average size all season through. A good commercial Carnation in its color class.

NEW VARIETIES—Continued

PINK ELDORA (Patten). We all know Eldora. This is a sport, a trifle lighter than Ward, producing just as many fine flowers, all season through, as its parent.

WHITE ELDORA (Patten). Same as above, but pure white.

All above, \$12.00 per 100, \$100.00 per 1000.

LAST YEAR'S INTRODUCTIONS

Ivory. The best white we know of, to date. Pure white flowers, borne on long wiry stems. Good keeper, and extremely prolific the year round. \$10.00 per 100, \$90.00 per 1000.

North Star. A fine yellow, not quite as large as Sunshine, but a good commercial size. A splendid keeper and producer, and gives a liberal supply of cuttings, that can be rooted easily. \$12.00 per 100, \$100.00 per 1000.

Sceptre. A good commercial variety, Laddie color. \$12.00 per 100, \$100.00 per 1000.

Jewel. A clear shell pink. An improvement over Morning Glow. \$8.00 per 100, \$75.00 per 1000.

Radiolite. A brilliant scarlet. \$12.00 per 100, \$100.00 per 1000.

Mother Gore. A free bloomer, with good keeping qualities, and all that could be desired in a light silvery pink. \$8.00 per 100, \$75.00 per 1000.

Lucille. A beautiful shade of salmon pink. \$9.00 per 100, \$80.00 per 1000.

Yankee Girl. Dark pink seedling. \$12.00 per 100, \$100.00 per 1000.
